CARBON TRADING CO.

Who Does Your Printing?

All business houses need more or less printed matter, all of which is within the possibilities of the local printer. Yet how prone many are to pass up the home printer and let the orders go to city offices which have no interest whatever in rural communities except to get printing orders and the cash to pay for them. Business men, remember that the home paper is constantly promoting the interests of the home community and you owe it to yourself and your local paper to back up these efforts by at least having your printed matter done locally.

SCHELL-KROSCHELL

A pretty wedding was held at the home of Mr. Robert Toole, Beiseker, when Miss Esther Marie Kroschel was united in marriage to Mr. Fred Schell of Carbon, on Wednesday, Nov. 16. Rev. J. E. Herzer of Calgary, officiating. The bride, attended by her sister Lillian, entered the room accompanied by Mr. R. Toole, where she was met by the bridegroom, Mr. Fred Schell, who was attended by Mr. Lloyd Davidson. After the ceremony a wedding dinner was served in which more than 50 guests took part. Mr. and Mrs. Fred Schell left later on a honeymoon and returning will make their home at Carbon.

Gamble Items

Mrs. McGillis and children, who have been visiting with her parents Mr. and Mrs. Moorehouse, returned Friday to her home in Alsask.

S. N. Wright and Alf. Gibson left on Monday for Winnipeg. They represent the Carbon and Swallow Local U.G.G. at the annual convention. Mr. Wright will also visit his brothers.

Ingraham Hart left last week for Olds, where he is attending the School of Agriculture.

The chicken supper held in the School house last week was a very pleasant and successful function. The program contributed by local people and assisted by Mrs. Torrance and Mr. Fairbairn, was much enjoyed. The Ladies Aid realized about \$80 on this occasion.

Apple Sauce

All evils tend to cure themselves. You're never tromped with dandruff after you get shiny on top.

Our idea of real futility is taking slow motion pictures of a champion ship chess match.

Some powder goes off with a bang—some goes on with a puff.

"Hopp to it!" yells papa toad.

Jack: Why don't you marry Muriel?

Joe: She has a slight impediment in her speech.

Jack: How sad. What is it?

She can't say Yes.

Medium: The spirit of your wife is here now. Do you wish to speak to her through me?

Interviewer: Yes, ask her where she put my winter underwear.

LITTLE ITEMS OF LOCAL INTEREST

—FOR SALE—7-room house in good location, in the Village of Carbon. Apply to Box 275, Carbon, for particulars.

Mr. and Mrs. F. J. Bessant were Calgary visitors last Wednesday and returned on Friday.

J. E. Dufour of Knee Hill, was a visitor in Carbon on Friday last, and returned that evening.

Posters are out for the Curling Club dance, which will be held in the Farmers' Exchange hall on Thursday evening, Dec. 1.

Only thirty days till Christmas. Have you commenced your Christmas shopping yet?

Len Hay has had to take to the bob sleighs in order to get through with the mail.

At the Municipal council meeting, held on Monday, S.N. Wright and J.J. Neher were elected as delegates to the Municipal Districts Convention, which will be held in Edmonton on Nov. 23, 24 and 25.

The C.S.E.T. boys are putting on a play entitled 'Oh Doctor,' which will take place in the Farmers Exchange hall on Tues. Dec. 6.

Owing to an error in last week's issue Florence Moss' name was omitted from the Grade I Jr school report. She came first in her class.

Mr. and Mrs. L. Poxon have moved into their new house across from the Masonic hall.

A car of cattle was shipped from Carbon on Tuesday.

Mr. and Mrs. Herbert and son went into Calgary on Tuesday.

L. Poxon and P. Edwards returned on Tuesday from Drumheller, where they served on Jury duty on Monday.

WANTED to rent 1/2, 3/4 or a section wheat farm for term of 3 years—fully equipped. In Carbon or district. J.H. McClure, Carbon. 3

—FOR SALE—Pure bred R.I. Cockerals, \$2 each or 3 for \$5. Also pure bred White Leghorn cockerals, Solly's 268 strain, \$3 each. Mrs. Cardwell, Grainger. 4tp

Lady (to small boy accompanied by two dogs): Have you licences on both those dogs?

Small Boy: No'm. The big one's all right, but the little one's just full of 'em.

Dickey: My dad is an Elk, a Lion Moose, and an Eagle.

Mickey: Gee, what does it cost to see him?

She: How could you live without me?

He: Much cheaper.

Your wife is very broad minded, isn't she?

Oh very! She believes there are two sides to every question—her own and her mother's.

CURLING AND SKATING RINKS

Work has gone ahead with great rapidity on the new curling rink and the building is completely covered now and all that is needed before curling can commence is the making of the ice and that is to be started this week. The successful tender for the curling rink was M. Skerry and he will have charge of this ice for the season, for which services he will draw a salary.

The management of the skating rink was given to Wm. Dixon and he will look after the skating ice during the season and in return will take all receipts except on carnival nights, when 50% of the receipts will go to the Carbon Curling Club.

The skating ice will be surrounded by a wall and the old School building will be used for a waiting room. We understand that a door is to be cut on the side near the ice and a covered passage way will lead to the ice. Lights are to be installed this week for both the skating and the curling ice.

Plans are under way by the Canadian coal publicity committee for launching a province-wide campaign in connection with Alberta coal for the Ontario market. Much work has already been done in perfecting the details and it is expected that a co-ordinated fuel policy for Canada, which will be presented, will receive strong support.

RED ROSE TEA "is good tea"

RED ROSE ORANGE PEKOE is extra good.

Winter Traffic

Snow on the city streets should mean to all automobile drivers at least one thing, says a daily newspaper,—a driving speed of at least ten miles an hour less than summer speed. And this word of advice to city motorists may well be passed on to motorists on country roads.

Snow is a tricky surface. It provides good traction on paved streets and hard roads when a car is forging ahead, but no traction at all when the brakes are suddenly applied. In other words, a car can be driven easily on it, but can be stopped only with difficulty.

It is disconcerting to drive up to a street or road intersection at what in the summer months would be a moderate speed, and, finding need of applying the brakes, feel the car sliding helplessly onward, or suddenly skidding to the side. It is doubly dangerous always, and it is frequently dangerous as well.

Experienced and careful drivers have various means of checking this sliding and swaying, but they know there is only one sure method, one real safety device—to drive slowly, and particularly so when near road intersections, curves, culverts, bridges, passing other cars, etc. Only so can a car on slippery roads be kept sufficiently under control for safety.

Pedestrians, too, should take warning. The practice of standing on the road just a foot or so away while a motor passes is dangerous enough on dry roads. It is doubly dangerous after the snow comes. If the driver has need to apply his brakes suddenly the car nine times out of ten will sway to the left or the right, and the pedestrian standing too close is likely to be swept with unpleasant results.

Winter conditions should, in brief, intensify care in driving and walking. There is much greater liability to accident with snow on the ground.

Cold weather brings another danger which is not so much in evidence in summer. In cold weather motorists are tempted to start up their engines and allow them to run for a time to warm up within the closed doors of the garage. As a natural result the garage fills up with the deadly monoxide gas from the exhaust with all the possibilities for tragedy which such a condition brings about.

Another factor which necessitates greater care in winter driving is created by the fact that touring cars have all their curtains up while the windows of closed cars are kept shut. It is not possible, therefore, to signal with the same ease and effectiveness to other cars to the rear regarding the turn a driver may intend to make. In the winter, therefore, greater attention should be paid to the rear than is necessary during the summer months if accidents are to be avoided.

They were discussing physical research, spiritualism, haunted houses, etc. "Do you believe that ghosts walk?" asked one ardent soul of an old gentleman. "Of course, I do," he replied; "there's abundant proof of the fact—haven't you ever heard the 'Dead March'?"

Are You Nervous? Sleepless?

St. Catharines, Ont.—"I was in such a nervous and rundown state of health that I could hardly get around to do my work. I could not sleep and the least noise or excitement would completely upset me and throw me into a nervous spell. I was advised to take Dr. Pierce's Favorite Prescription and I was soon well and strong and have never had another spell of nervousness since."

"I always keep a bottle of Dr. Pierce's Pleasant Pellets in my medicine chest; they are the only medicine I have ever taken that would regulate the liver and relieve constipation without causing distress."—Mrs. Ada Taylor, 46 Wiley St. Send 10c to Dr. Pierce's Laboratory in Bridgeburg, Ont., if you desire a trial pkg. Favorite Prescription tablets.

Ready To Sail the Bay Route

Steamship Company Makes Offer To Operate a Line Of Vessels

The offer of a steamship company with offices in London and Montreal, to operate a line of vessels from Fort Churchill to England and France, in return for a concession in the Fort Churchill District, is the latest incident resulting from the prospect of the completion of the railway and the preparation of the port for initial shipping within the next two years. The Swedish captain, who acts as spokesman for the company in making the offer to the Government, claims to have had a long experience in sailing the northern waters of Europe, going up to Archangel for many years and also into the Baltic Sea. Conditions for navigation on these routes, he says, are very similar to those on the Hudson Bay route and he regards a steamship service as an ordinary business proposition.

The value of the offer will depend on the terms, but the offer itself helps to dispel the idea held by some people of desperate perils of navigation which made the route commercially unfeasible.—Free Press.

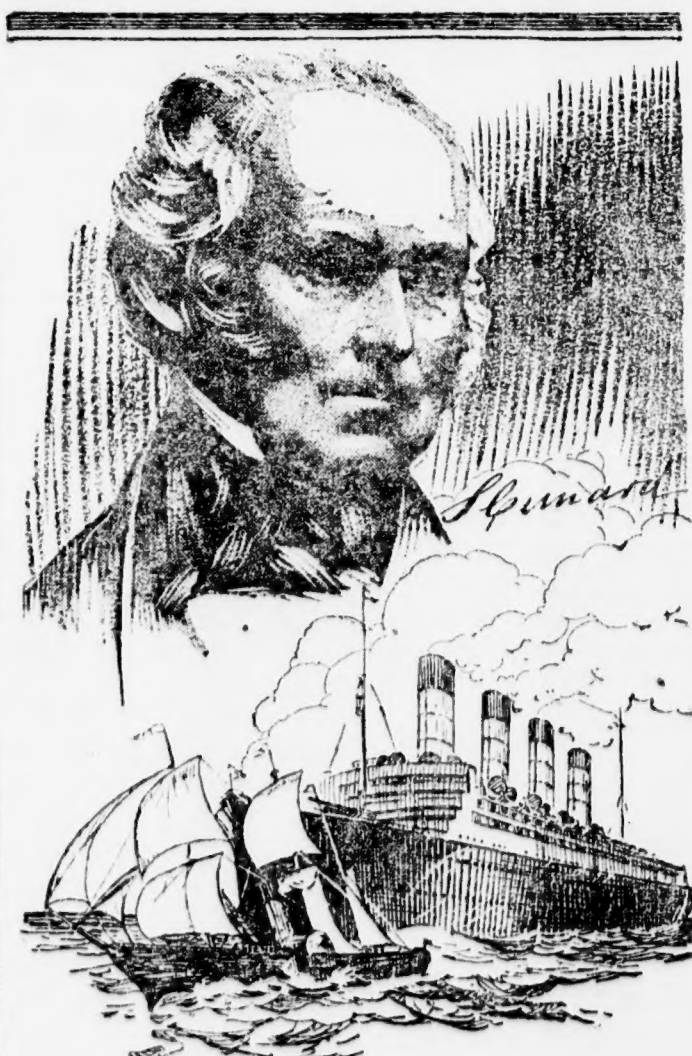

Praise For Canada

Mrs. Stanley Baldwin Lauds Work Of Y.W.C.A. Here

On her recent visit to Canada, Mrs. Stanley Baldwin, wife of Premier Stanley Baldwin, of Great Britain, was "deeply humiliated" to find Canadians surpassed the people of Great Britain in caring for girls who earned their own living. Mrs. Baldwin made this statement in a letter read at the opening of the Young Women's Christian Association annual bazaar in London.

Referring to her visit to Canada, Mrs. Baldwin wrote: "I felt so ashamed when I was forced to admit that we have nothing in London to compare in this direction with the Y.W.C.A. clubs in Quebec, Ottawa and Toronto, and we had but one converted house in George street, Hanover Square, absolutely inadequate for the growing needs of women workers and incidentally the future mothers of our nation."

A Canadian Pioneer of Transportation

Canada has always been a land of pioneers, especially in transportation. One of the greatest of these was Samuel Cunard, the founder of the Cunard Line, who, few people realize, was born in Halifax. He came of United Empire Loyalist stock, and the 21st of November is the anniversary of his birth 139 years ago. In 1787 it was due to Samuel Cunard's imagination and enterprise that the stout Britannia, practically the first steamship to cross the Atlantic, made her first run from Liverpool to Halifax and Boston in 1810. This little ship with her gross tonnage of but 1159 tons, her modest length of 297 feet, inaugurated an uninterrupted trans-Atlantic service which has been one of the great factors in the development of Canada during the past 86 years. The illustration above shows the founder of the line, his signature, and the little Britannia contrasted with the Aquitania, representative of the modern, giant liner.

THE GREAT HERBAL SKIN BALM

British Industries Fair

Now Recognized As Greatest Annual Trade Fair Of the World

For the fourteenth consecutive year the British Government announces the holding of the British Industries Fair simultaneously in London and Birmingham from 20th February to 2nd March, 1928.

The British Industries Fair is now recognized as the principal annual trade fair of the world, and buyers from every continent flock to attend it. An idea of the interest taken in it can be gleaned from the fact that the Government itself issues more than a quarter of a million personal invitations to buyers in no less than 94 different countries.

Next year the Fair will surpass all its previous records and booking of space to date has necessitated large extensions and alterations to the buildings of the White City in London, while some completely new exhibition halls have had to be built in Birmingham to accommodate the increasing numbers of exhibitors.

As has been the case for several years past the Canadian Chamber of Commerce in London, is organizing considerable participation by Canadian manufacturers.

The exhibits at the London section of the Fair will consist in the main of such lines as jewellery, watches and clocks, scientific instruments and optical goods, pottery and glassware, leather goods, stationery and sports goods, fancy goods, clothing and textiles, wireless apparatus, chemists and druggists sundries, etc.

Full particulars and advance catalogues of the Fair can be obtained from The British Trade Commissioner, 703, Royal Bank Bldg., Winnipeg, who will be glad to issue invitations on behalf of the British Government to all business men who may require them.

Vancouver As Grain Port

Vancouver port's grain storage is rising rapidly with 3,321,185 bushels reported on October 28th, and boat movement of 307,930 bushels.

CONDITIONS THAT CALL FOR A TONIC

Symptoms That the Blood Is Thin Should Not Be Neglected

Weak, lacking in strength, energy and ambition, nervous, sleepless, poor appetite, digestion disturbed—these are the symptoms of a great majority of people who have been benefited by the use of Dr. Williams' Pink Pills. The great value of this medicine in cases of this kind is proved by the statement of Mrs. W. Hensher, Kingston, Ont., who says:—"Following a severe cold I was left in a run-down, nervous condition; I had pains in the back and limbs and could scarcely move about. I did not sleep well at night and was despondent and discouraged. I decided to try Dr. Williams' Pink Pills, and can truthfully say that after the use of six boxes, the change in my condition was nothing short of marvellous. The pains vanished, I slept well, had a good appetite, and in every way felt well and strong. I also gave the pills to my daughter, who was in an anaemic condition and feeling quite intolerable, and in her case, too, they restored health. I hope my experience may help some other weak person."

Dr. Williams' Pink Pills are sold by all medicine dealers or sent by mail at 50 cents a box by The Dr. Williams' Medicine Co., Brockville, Ont. A little book, "Building Up the Blood," which contains many useful health hints, will be sent free on request.

But few people ever get so full of emotion that they have no room for dinner.

No matter how deep-rooted the corn may be, it must yield to Holloway's Corn Remover if used as directed.

An eastern company is manufacturing a chemically treated paper for printing purposes, which will not burn.

ASPIRIN

The whole world knows Aspirin as an effective antidote for pain. But it's just as important to know that there is only one genuine Aspirin. The name Bayer is on every tablet, and on the box. If the name Bayer appears, it's genuine; and if it doesn't, it is not! Headaches are dispelled by Aspirin. So are colds, and the pain that goes with them; even neuralgia, neuritis, and rheumatism promptly relieved. Get Aspirin—at any drugstore—with proven directions.

Physicians prescribe Aspirin; it does NOT affect the heart

Aspirin is the trade mark (registered in Canada) indicating Bayer Manufacture. While it is well known that Aspirin means Bayer manufacture, to assure the public against imitations, the tablets will be stamped with their "Bayer Cross" trademark.

SWALWELL ITEMS OF LOCAL INTEREST

Mrs. F. Jennings and infant son returned home on Friday last from Calgary.

Considering the very inclement weather on Saturday the Altar Guild of the R.C. Church are to be congratulated on their sale of work and afternoon tea, having realized the sum of \$77.50. They wish to thank those who so generously helped them in their endeavour. Mr. E. Fyten was the lucky winner of a very handsome cloth presented by Mrs. Geo. Grainger and which was raffled on that day.

Police Magistrate I.U. MacLennan left on Saturday for Calgary en route to Drumheller to attend the sittings of the Supreme Court of Alberta, Judicial district of Drumheller.

The Misses S. Loewin and R. Caines were visitors to Calgary over the week end.

Other visitors to the City over the week end were, Messrs. Marshall Dewesse and Ferguson.

Mrs. Longstaff with Elenor and Jack were also to Calgary to take in the Pantomime, running there last week.

Readers of the Calgary papers will have read of the marriage of Mr. McIntyre, who is in charge of the Pool elevator and who has now returned with his bride to take up their abode here. We trust their stay in Swalwell will be a very happy one.

We understand that a new grain buyer has arrived with his wife and family and will take charge of the U.G.G. elevator here.

Mr. S.R. Tilley is the latest convert to radio, having installed a new Westinghouse set. Mr. A.H. Wills has also installed a new Westinghouse, purchased through their local agent.

The U.F.W.A. rest room will be at the disposal of out of town visitors, to Chautauqua, who will be taking in both afternoon and evening sessions. This should be a great comfort and convenience, especially when accompanied by the tiny tots.

Tickets for the Swalwell Chautauqua can be secured from The Chronicle office and a hearty invitation is given to our Carbon friends to come over and enjoy these very excellent programmes.

THE CHAUTAUQUA

The Chautauqua begins tomorrow evening and every thing is in shape for the big program which will follow on the next four days. In the past years the Chautauqua has been successfully promoted in Swalwell and this year with such drawing cards as outlined in the program, the same enthusiasm should prevail, thus helping along the great educational work of the Chautauqua. It is not often that the people of the smaller towns get a chance to see and hear these wonderful players and musicians and that is one reason of the Chautauqua—that all classes of people may be able to benefit without the enormous cost, which would otherwise be, if one had to travel to the far away cities if they wanted to hear such men and women as the

management of this great organization have been successful in obtaining to complete their wonderful and varied program for this year. If you have not yet purchased your season ticket do so at once, or else attend some of the numbers, and you won't be sorry for it either.

LOST—Yellowish Brown colored collie dog, named "Bob." Lump over one eye. Leather collar. \$2. reward. T. Ramsay, Carbon.

Theatre Will Check Autos

Novel Experiment Is Planned For London In The Spring

If an experiment which will be tried by a Piccadilly Theatre when it opens next Spring is successful, London theatre goers who arrive in their own automobiles will be able to check at the door.

A new five-story garage with space for 5,000 cars is under construction near the theatre. It will be equipped with express elevators so as to expedite the handling of the cars. Reservations for the machines will be made when seats are purchased.

For all pains—Minard's Liniment.

It's a pretty safe plan to judge a man by the people he doesn't keep company with.

The BABY

No mother in this enlightened age would give her baby something she did not know was perfectly harmless, especially when a few drops of plain Castoria will right a baby's stomach and end almost any little ill. Prolapse and fever, too; it seems no time until everything is serene.

That's the beauty of Castoria; its gentle influence seems just what is needed. It does all that castor oil might accomplish, without shock to the system. Without the evil taste, it's delicious! Being purely vegetable, you can give it as often as there's a sign of colic, constipation, diarrhea, or need to add sound, natural sleep.

Just one warning: It is genuine Fletcher's Castoria that physicians recommend. Other preparations may be just as free from all doubtful drugs, but no child of this writer's is going to test them! Besides, the book on care and feeding of babies that comes with Fletcher's Castoria is worth its weight in gold.

Alberta Steers For Chicago

Price Received Sets a New Figure For This Season

Forty-one head of Alberta grass-finished steers shipped to Chicago last month set a new figure on that market this season for this class of cattle. These steers sold at \$14.65 per hundred pounds, exceeding the previous high price by 65 cents. Good prices on the American markets have attracted large shipments of cattle from the western provinces during the past few months.

For Your Stock

Minard's is a handy and effective first aid both in the stable and barn.

SUNDAY SCHOOL LESSON

NOVEMBER 27

ISAIAH TEACHES TRUE WORSHIP

Golden Text: "Who shall ascend into the hill of Jehovah? And who shall stand in His Holy place? He that hath clean hands, and a pure heart."—Psalm 24, 4.

Lesson: Isaiah 1:1-20.

Devotional Reading: John 4:21-24.

Explanations and Comments

I. The Perverseness of God's People, verses 1-9.—"The Great Arraignment" is an apt phrase given to this chapter by Ewald. God's chosen people have rebelled against Him. Even the dumb animals, the ox and the ass, are responsive to their masters, but the people of Judah do not consider their Lord. This perverseness has brought punishment upon them, and it is only because of Jehovah's mercy that they have escaped the fate of the people of Sodom and Gomorrah.

II. Outward Signs Of Religious Zeal Do Not Deceive Jehovah, verses 10-15.—The prophet now hears in spirit the remonstrance of his audience, Belshazzar thinks. "They would fain represent the accusations which he had just uttered as unfounded, by appealing to their exact observance of the divine law; but in opposition to this ground of self-vindication which the prophet has read out of the hearts of those impeached, he but proceeds to prove the divine arraignment which begins in verse ten."

"Hear the word of Jehovah, ye rulers of Sodom," the prophet cries, "give ear unto the law of our God, ye people of Gomorrah." By addressing them as "rulers of Sodom" and "people of Gomorrah," he reminds them alike of their wickedness and of their danger. The "law" to which he bids them give heed, is the inspired discourse he is about to deliver.

In honor of Benjamin Franklin, a tablet has been erected at Auray, France, to mark the spot where the distinguished citizen of this country landed for one of his brief visits to that country.

Minard's Liniment for Distemper.

Chocolate is made from the large seeds contained in the beans of the cacao tree, not the cocoa tree as spelled in Dr. Samuel Johnson's dictionary.

Miller's Worm Powders work so effectively that no traces of worms can be found. The pests pass away in the stools without being perceptible. They make an entire and clean sweep of the intestines, and nothing in the shape of a worm can find lodgement there when these powders are in operation. Nothing could be more thorough or desirable than their action.

Lawyer: "Why do you want a separation from your wife? Aren't your relations pleasant?"

Tired Business Man: "Mine are, but hers are perfectly horrid."

As a vermicide an excellent preparation is Mother Graves' Worm Expeller. It has saved the lives of countless children.

The first attempt to reach the North Pole by air was made by Salomon August Andree, a Swedish scientist, on July 11, 1897. With two companions he left Spitzbergen in a balloon and was never heard from again.

Charleston Dance Contest Judged By England's Leader

Miss Leslie-Sutton, chief judge of the Charleston contest for England, writes: "My unique position in the dancing world today would never have happened if I had not taken care of my health. I constantly had that tired out, depressed feeling, with sick headache, indigestion, biliousness caused by the poisons of constipation. Your mild laxative has been of valuable assistance in keeping my system in a daily healthy condition."

CARTER'S LITTLE LIVER PILLS
All druggists—25c and 75c red pills.

--doctors have been prescribing Eagle Brand as an infant food when mother's milk is not available.

Use it with confidence.

Children Like It—So Will You

At the first sign of a cold, buy "Buckley's". The first dose does two things—relieves the cough instantly and relieves the throat. Different from all other remedies for Coughs, Colds, Bronchitis, Prevents "Flu", Pneumonia and all Throat and Lung troubles. Sold everywhere under money-refunded guarantee.

W. K. Buckley, Limited, 142 Mutual St., Toronto 2

The French Senate has voted a subsidy of 2,000,000 francs (about \$80,000) for the expenses of French athletes to participate in the Olympic games at Amsterdam in 1928.

ALBERTA EDITORS AT CONVENTION

Officers, members and their wives and guests of the Alberta Press Association, on the roof garden of the Palliser Hotel, Calgary, during the annual convention, which closed Saturday, October 22nd.

ALL-CANADIAN PRODUCE DINNER HELD AT OTTAWA

Toronto.—Sixty years of agricultural development in the Dominion of Canada were fittingly celebrated by representatives of the country's basic industry at an all-Canadian products dinner given by Hon. W. R. Motherwell, Minister of Agriculture, on behalf of the Federal Government, on the opening day of the Royal Winter Fair. The gathering was honored by the presence of His Excellency the Governor-General and in addition to the Ministers of Agriculture from many of the provinces, many leaders in the public life of the country were seated at the head table.

Addresses by Lord Willington, the Federal Minister of Agriculture, and the ministers from the various provinces reflected the spirit of optimism which prevails throughout the country, the great strides which have been made along agricultural lines since Confederation and the prospects for even greater progress in the future.

Following the greeting of the Governor-General, Hon. Mr. Motherwell recalled the advances made in the industry, laying particular stress upon legislation designed to improve agricultural conditions, and he was followed by Hon. J. C. Elliott, Minister of Public Works, Hon. J. S. Martin, Ontario; J. Desilets, Quebec; Hon. J. A. Walker, Nova Scotia; Hon. L. Smith, New Brunswick; Hon. A. Prefontaine, Manitoba; Dr. Warnock, British Columbia; Hon. W. M. Lea, Prince Edward Island; J. J. Robertson, Saskatchewan and Hon. George Hoadley, Alberta.

The gathering concluded on a note of caution by the Alberta minister who, while endorsing the optimistic remarks of the various speakers appealed for earnest consideration of the immigration problem. He declared that because of the great industry which had been built up the question as to further settlement and development should be gone into carefully.

"Who are we going to ask into Canada to develop all these things—anybody?" queried Mr. Hoadley. "Our duty is clearly to give some thought to the people who are to be brought into the country."

Will Support Commission

United States Decides To Co-Operate On Disarmament Question

Geneva.—The United States has officially decided to continue its co-operation with the special disarmament commission created by the League of Nations for the preparation of a general conference on reduction in world armaments.

Washington notified the League that Hugh R. Wilson, United States minister to Switzerland, has been appointed American representative on the commission which meets at Geneva, November 30, to continue work on the preparation of a draft treaty.

Gives Figures To Government

London.—Sir Arthur Steel-Maitland, Minister of Labor, replying in the House of Commons to a question said in the past 12 months 82 men had been applied at labor exchanges in Liverpool and district for settlement in Canada. Ten of these, he said, had withdrawn their applications and 16 were not acceptable by the Dominion authorities.

Gigantic Airplane Carrier

Camden, N.J.—The United States navy's newest and largest aeroplane carrier, the Saratoga, has gone into commission. Capable of making 23 knots, with its electrically driven propeller, the mammoth 35,000-ton ship is also said to be the fastest large boat afloat. It is to be equipped with 85 aeroplanes and when completed will be assigned to the Pacific fleet.

Mexico Bans Food Exports

Mexico City.—For the purpose of conserving domestic food supplies, the government has prepared an order forbidding the exportation from Mexico of "articles of necessary consumption." These include corn, wheat, beans, peas, potatoes, salt, butter and sugar. Coal may also be included later.

W. N. U. 1708

"Britain's Waning Prestige"

New York Editor Speaks Of Alliance With United States

Chicago.—Great Britain is trying to avert the disintegration of the Empire upon which "the sun never sets" by formation of a union with the United States, Charles Edward Russell, New York editor and lecturer, declared at the trial of William McAndrew, suspended superintendent of schools.

Russell, who was commissioner of public information to England during the world war, was called to substantiate charges of Mayor William Hale Thompson that British propaganda had entered schools of the United States in history texts.

Since the world war, British dominions have drawn away from the mother country and the British foreign markets have been narrowed, Russell testified. A waning prestige in world affairs would be restored through an alliance with the United States, he concluded.

Should London propaganda be successful in the United States and an English-speaking union result, a war between Britain and the United States on one side, and France, Spain, Italy, Portugal, Mexico and South America on the other would be inevitable, Russell predicted.

Drastic Changes In Manitoba Liquor Law

Will Be Submitted By Provincial Government When Legislature Assembles

Winnipeg.—In a determined attempt to eliminate the bootleg liquor trade from the province, the Manitoba Government has prepared drastic changes in the provincial liquor laws, according to reports emanating from the parliament buildings. It is reported that not only will the sale of beer by the glass be instituted, as the electors demanded in the plebiscite of last June, but the government will provide for the sale of hard liquor through a cash and carry system.

The Manitoba Free Press says: "Sweeping changes in the liquor laws of the province are made in the legislation which the provincial government will submit when the legislature assembles early next month."

"All existing liquor legislation is repealed and the new law will, according to unofficial but reliable reports, provide not only for the sale of beer by the glass, but for the sale of hard liquor by the bottle, or the cash and carry system."

Pays Death Duties

London.—Right Hon. Winston Churchill, chancellor of the exchequer, announced in the House of Commons that Lady Houston, widow of Sir Robert Houston, had paid to the government \$7,500,000 as an "act of grace," despite the fact that the wealthy shipbuilder before his death moved to Jersey Island, presumably to avoid the high British death duties.

A More Unified Canada

Toronto.—Despite the attractiveness added to farm life by modern conveniences, Canada's youth will not stay on the land until agriculture is put on the same footing as industry, declared Premier J. E. Brownlee, Alberta, speaking here. He also stressed the interdependence of the provinces, in urging a more unified Canada.

Fined For Cruelty

Ottawa.—Carrying live hens with their heads downward causes the birds unnecessary suffering. Magistrate Hopewell held in the police court here. He fined two women who persisted in carrying their fowl in that manner after they were warned by the Humane Society Inspector.

Prince Is Popular

London.—The second unruly demonstration by admirers of the Prince of Wales within a few days occurred recently when 5,000 women and flappers, who had gathered to watch the Prince emerge from a moving picture show rushed his automobile.

Change Design Of British Coins

London.—On December 1, for the first time since 1816, a simultaneous change in the designs of all British silver coinage will be effective. Gold and copper coinage will not be affected. The alterations are all on the obverse side.

Figures In British Finance

E. R. Peacock, M.A., of London, England, former Canadian, son of a Clengarry minister, and once on the staff of Queen's University, Kingston, who is now a dominant figure in British finance. He is at present in Canada and calls the Dominion the country of the future.

To Represent Canada

Senator Dandurand Will Leave For Geneva Within Few Days

Ottawa.—Hon. Raoul Dandurand, government leader in the Senate, was appointed Canada's representative at the next session of the League of Nations Council, Premier King announced following a meeting of the privy council. The prime minister declared that Senator Dandurand would leave for Geneva within the next day or two to be present at the forthcoming council meeting.

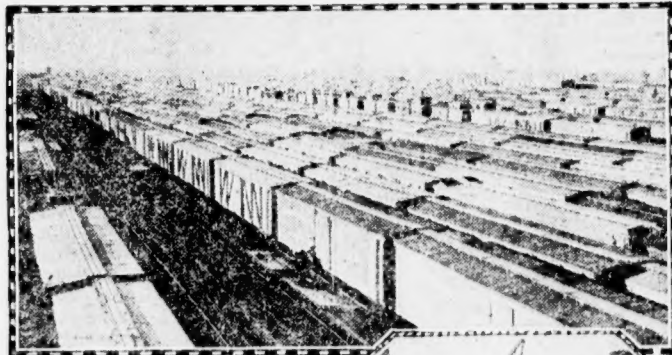

Senator Dandurand represented Canada when this country was elected to the council of the league this year. The prime minister pointed out that the appointment was not permanent.

Eight Fighting Planes

Canadian Government Purchases Machines For Military Training

Ottawa.—The Canadian Government will receive eight fighting aeroplanes during the next month to be sent to Camp Borden, Ont. Planes used in present day military training are divided into three classes—initial training planes, advanced training planes, and service planes. Of the first two classes there are already a number at Camp Borden, but not actual fighting machines, so the final course of a military airman could not be completed there. The new "planes will complete the cycle of training."

C.P.R. Handles Record Amount of Grain

Grain marketing and loading figures for the week of October 22 to 28 constituted a record for the Canadian Pacific Railway since that Company first hauled grain out of the West. During the same week the peak of the grain rush was reached and the bulk of the great crop of 1927 hauled to elevators ready for shipment. This period saw 25,331,000 bushels of grain marketed over Canadian Pacific lines, an increase of 11,778,000 bushels over the same period of 1926, which year was considered one of the greatest grain years in history of the west. Monday, October 24 was the record day when 5,110,699 bushels were marketed. This exceeds by several million bushels the total grain production of western Canada in the year 1887.

As a result of the heavy marketing the grain loadings reported by this railway reached a record figure. For the same period this year 12,562 cars

Electric Accumulator Is Latest Invention

Device May Revolutionize Every Form Of Transportation

London.—An electric accumulator, stated to be powerful enough to drive an express train over a long distance on any existing track without a third rail or overhead wires, is being secretly tested in London, says the Daily Express.

The accumulator, or storage battery, is the invention of a Spanish Jesuit priest, Father Almeida, of Salamanca, who is backed by a group of prominent British financiers. The device can also be used on automobiles, the paper said, which foreshadows the possibility of its revolutionizing every form of transportation.

A company has been formed to develop the invention but its directors have refrained from advancing claims for it until its success is demonstrated.

Winners At Royal Show

Grain From Saskatchewan and Manitoba Given Prizes At Winter Fair

Toronto.—A sample of the new variety of wheat, known as Reward, exhibited by William Pierce of Birdie, Man., took first prize in the spring wheat (except Durum), competition at the Royal Winter Fair. Some 50 samples were entered in the class.

Second and third places also went to Western exhibitors, Joseph Hames, of Orkney, Sask., taking the second ribbon, with his exhibit of Marquis wheat, while George S. Canfield, of Wildrose, Sask., won third place, also on Marquis.

In the Durum wheat class William Darnborough, of Laura, Sask., took first place, while his son won second prize, and J. W. McGhie, of Marquis, Sask., was awarded third.

All fall wheat prizes went to Ontario exhibitors.

Name Stations On H.B. Line

Request Made To Name Stations After Men Who Boosted the Road

Saskatoon.—Commissioner J. H. Holmes, of the local Board of Trade sent the following telegram to Hon. C. A. Dunning, minister of railways:

"Ottawa press dispatch, fourteenth instant, states names of stations on Hudson's Bay Railway are now being decided upon. In that connection we courteously express the hope that justice will be done to Saskatchewan men identified for over 40 years with Bay project, and concerning whom unanimous public opinion concedes the rendering of essential service in furtherance of opening the Hudson Bay route. Please acknowledge receipt."

BRITAIN DECIDES ON REDUCTION OF NAVAL PROGRAM

London.—Although provision was made in current naval estimates for laying down three new British cruisers this fiscal year, only one will actually be laid down, Right Hon. W. C. Bridgeman, first lord of the admiralty, told a questioner in the House of Commons.

Mr. Bridgeman said the Government had decided that in view of the situation disclosed at the recent Geneva tripartite naval disarmament conference it was not necessary to proceed with laying down the other two vessels this year.

Commenting on the statement The Westminster Gazette's political correspondent says:

"The Government at last has bowed to the storm of protest from the country on the excessive national expenditure and the need for further disarmament measures. Whether, however, Mr. Bridgeman's statement is a concession in form or one of substance cannot be determined until next year's shipbuilding program is presented to Parliament."

Twenty-Five Nations Enter Olympic Games

Hockey Players From Canada Will Participate In Winter Sports

Geneva.—Twenty-five nations have announced their intention to date of participating in the second Olympic winter games in February, 1928, at the famous Swiss winter sport resort of St. Moritz.

Preparations under way as well as the entries that have been made indicate the games will exceed in interest from every point of view the first Olympic winter contests that were held in 1924 at Chamonix.

The official program which will cover a period of a little more than one week, from February 11 to 19, include individual contests, team contests and demonstrations. These cover skating, skiing, hockey and bob-sledding, besides demonstrations of "skijoring" or skiing behind horses.

The hockey contests will have representatives of the best ice teams of the world, including those of Norway, Sweden, Poland, Czechoslovakia, Canada and many others.

Horses For Chicago Show

Western Canada Breeders To Have Entries In Livestock Exhibition

Chicago.—The horse breeders of Western Canada, long renowned for their success in the production of high grade draft animals, will come to the International livestock exposition here this week, favored to win a large share of the ribbons in the draft horse division.

Particularly in the Clydesdale class are they expected to make a strong showing.

Many of the familiar names among the Canadian breeders are absent from this year's entry list. In the Clydesdale class, Haggerty and Black, breeders of last year's grand champion, are not entered, nor is J. H. Pearce, who bred the reserve champion. However there will be a heavy entry from other Western Canadian breeders.

Man With the Longest Beard Dead

Waldpein, N.D.—Hans Langebein, 82, Richland County farmer, famous for his 17 foot beard, is dead. For years after letting his beard grow from July 14, 1875, he travelled around the world with a circus without meeting a match for his beard, which he could wrap around his neck like a long muffler. In 1923 he won the world's longest beard championship at the days of '49 celebration in Sacramento.

Denied Vote In Ireland

Dublin, Ireland.—The Northern Ireland legislature, by a vote of 25 to 11, has rejected Joseph Devlin's bill giving women the right of franchise at 21, the same as men. Premier Lord Craigavon said that when the Government later introduces its bill to abolish proportional representation it hoped to embody it in a provision for the enfranchisement of women at 21, if the British parliament did the same.

Ancient Shell Fish Heaps On The Pacific Coast Date Back To Before Columbus

What is a kitchen midden, reference to which have been in newspaper despatches recently? It sounds as if it might possibly be a particularly efficient form of apron or overalls, or possibly even a labor saving device or electrical fixture. It is none of these things. A kitchen midden, says the Natural Resources Intelligence Service of the Department of the Interior at Ottawa, is a prehistoric refuse heap, made up chiefly of shells and bones, much akin to our modern garbage dumps. They are delightful hunting grounds for archaeologists seeking evidence on the living customs of other days and no doubt the scientists of another civilization will be examining with eagerness the queer shaped bottles, tin and bed rails of a bygone (1927) Canadian city garbage dump.

The excavation of the kitchen midden being carried on near Seal Cove in the northern end of Prince Rupert, B.C., is one of the most interesting pieces of archaeological work attempted in Canada in some years. According to Harlan I. Smith, Dominion Archaeologist, there must have been a considerable settlement of Indians at Prince Rupert before the time of Columbus, as is plainly evident from the fact that a huge red cedar stump stood on top of the refuse heap or kitchen midden as the debris from Indian occupation is known. A preliminary count shows over 325 rings of annual growth without including heart rot or closely crowded outer rings. How long the cedar fell is not known, but it is evident that the heap of debris must have accumulated before the year 1500. It was probably many years in the making and perhaps many more years elapsed before the cedar took root.

Quite a number of kitchen middens have been located along the British Columbia coast, four of which lie within as many miles of Prince Rupert while others are found within the city limits of Vancouver and Victoria. The white man's cities have arisen on the site of the ancient red man's habitations. Whereas the European migrant was attracted primarily by anchorage for his vessels, the Indian was concerned with his food supply and made his abode at the mouths of freshwater streams near ocean beaches where shell fish are abundant.

The kitchen middens were built up of refuse from the aboriginal villages, refuse which consists almost entirely of clam, mussel and other shells, with here and there a human skeleton. Typical heaps measure several hundred yards long by five or six feet high; a few extend for miles, and several attain a height of more than nine feet. What enormous quantities of clams and other shell fish these early inhabitants of Canada must have eaten and for what centuries has the coast line been productive of these nutritious foods? Perhaps there is no other food so easily weaned from Mother Earth. The white man took up the digging where the Indian left off and the same sands which provided succor for the aborigine are still highly productive. It is just recently, however, that the full value of these shell fish foods has been appreciated and the clams, quahaugs (hard clams), crabs and shrimps are esteemed items of food which are recognized to be rich in protein, vitamins and mineral salts which fortify the human system against disease.

The Dominion Archaeologist is doing much to discover the history of the early dwellers in Canada, their habits, culture and mode of living. Not the least interesting is his investigations of these old shell heaps, and he reports that the present work furnishes the best opportunity for real exploration by excavation he has had since 1911, particularly because the old cedar tree with its annual rings gives fairly definite information as to the antiquity of these evidences of coast habitation by the aborigines.

Customer: "How much are your shoes?"
Clerk: "Two dollars a foot."

When vegetables get wilted, try putting the juice of a lemon in the cold water you freshen them in.

B.C. Pedigreed Poultry

Another Order Received From Japanese Government By Poultry Breeders' Association

So well satisfied is the Japanese Government with the pedigree poultry supplied by the R.O.P. Poultry Breeders' Association of British Columbia that its agent on this continent has cabled Secretary E. A. Lloyd another order, which will run into several hundred dollars. It is for six White Leghorn cockerels and twenty-four pullets of the same breed, all to be the progeny of hens with official records of 300 eggs or over.

F. A. Sansome, of Greenwich, Connecticut, recently purchased from the poultry department of the University of British Columbia, a White Leghorn hen for \$500. This expensive hen, registered as F319, is, however, a money maker when it comes to egg laying. Last year she laid 335 eggs in 365 days. She was one of the attractions at the World's Poultry Congress, held in Ottawa this summer. The world's champion egg layer "Mazie," as she is popularly known, is also a member of the University of British Columbia flock. Her record is 352 eggs in 365 days.

A Smart Flared Skirt

Every important couturier features the flared skirt this season, and the one pictured here is suitable for wearing with an overblouse or sweater. The attached under-bodice has darts at each side of the front, and the top may be made shaped, or straight with shoulder straps. No. 1679 is for misses and ladies, and is in sizes 16, 18 years; 38, 40, 42 and 44 inches bust. Size 38 requires 1 1/2 yards 39-inch, or 1 1/4 yards 54-inch material for the skirt, and 1 1/4 yards 36-inch material for shaped top, or 1 yard for straight top. Price 20 cents the pattern.

Our Fashion Book, illustrating the newest and most practical styles, will be of interest to every home dressmaker. Price of the book 10 cents the copy.

British Columbia Minerals

"I have the greatest faith in the numerous discoveries of economic minerals in British Columbia. This Province seems to have the largest assortment of minerals of any of the provinces, and its varying climate and frequency of outcrops of bed rock render it a very favorable field."—Sir Albert E. Kitson, director of the geological survey of the Gold Coast Colony.

Saskatchewan Corn Growers

P. C. Colquhoun Is Elected Head Of Organization

P. C. Colquhoun, Maple Creek, the new corn king, was unanimously elected president of the Saskatchewan Corn Growers' Association at the annual meeting, when the fifth annual corn show was brought to a close at Maple Creek. It was decided to hold the 1928 corn show in Weyburn, Wednesday and Thursday of the third week in November. Invitations were received from Regina and Moose Jaw.

Other officers elected at the meeting were:

First vice-president, G. D. Mathews, Indian Head; second vice-president, August Peterson, Weyburn.

Executive directors, D. E. See, Ben Harrison, Ed. Merdith, A. Monteith, and H. Thacker, all of Weyburn.

Directors: R. P. Robbins, Shaunavon; George Spence, Regina; J. G. Taggart, Swift Current; E. Siberck, Piapot; Prof. Manley Champlin, University of Saskatchewan; M. P. Tullis, Regina; J. G. Rayner, University of Saskatchewan; T. A. Torgeson, Estevan; J. M. Rodgers, Gull Lake; Chas. Marks, Midale; G. H. Hoffman, Maple Creek; E. Waddington, Regina; Dr. Dason, Maple Creek; A. J. Colquhoun, Maple Creek; Dr. S. E. Clarke, Swift Current; J. C. Noble, Regina; F. P. Trowell, Saltcoats; A. Cieophas, Estevan.

Preliminary steps towards the organization of the seed corn industry in Saskatchewan on a commercial basis with the establishment of a drying plant were taken at the meeting.

Hewitt—"Who is that man?"
Jewitt—"He is our village cut-up."
Hewitt—"He doesn't look funny."
Jewitt—"He isn't funny at all; he is the only surgeon in the place."

Report Russia Will Participate In Peace Parley Is Welcome News To Other Nations

Bar-U Ranch Sold

Valuable Property Has Been Purchased By P. Burns

The famous Bar-U ranch, one of the most prominent ranching institutions in the west, has changed hands. Hon. A. J. McLean, executor of the George Lane estate, negotiated the sale with P. Burns, of Calgary, and the approximate amount involved will be in the neighborhood of \$750,000. The headquarters of the ranch are at Pekisko, west of High River, and near the location of the holdings of His Royal Highness, the Prince of Wales.

The property includes 36,000 acres of deeded land and between 55,000 and 60,000 acres of leased land, according to Mr. Burns. The actual count of the stock has not been conducted but it has been estimated that there are about 6,000 head of cattle and 500 head of horses.

When interviewed by the Calgary Herald, Mr. Burns did not reveal his intention with regard to the disposal of the land and he gave no confirmation to the rumor that some of it would be sold to prominent Englishmen who are apparently eager to acquire holdings in Alberta in the vicinity of the E.P. ranch.

No real hustler would give two cents for the things that come to those who wait.

Some lawyers receive a larger fee for keeping quiet than others do for talking.

The strongest glimmering of common sense that has come out of Russia for a long time is contained in the message from Moscow that the Soviet Government will participate in the preliminary discussions to a disarmament conference under the auspices of the League of Nations.

Since the end of the world war Russia has kept more men under arms than any other nation.

There were several reasons for this, but the principal reason was that the Soviet imposed such decrees upon the people that a big armed force was necessary to awe the moujiks into a state of passive submission.

Of course, the Soviet didn't let the peasants think that was the idea at all. The leaders consistently talked about aggressive forces against the Union of Soviet State Republics among other nations, fomented, they said, principally by Great Britain, so that it was necessary to maintain a big standing army for the safety of the country.

Russia has been talking fight for years, when there wasn't a race on the face of the globe that wanted to have anything to do with it.

Another reason for the big army as that it could be used to menace India, and it may have been hoped thereby to coerce Great Britain into doing the things Russia wanted her to do.

As time has passed and the Soviet realizes that their little game isn't working out as they had figured, they are coming to the conclusion that the big army is a burden that cannot be kept up much longer by hoodwinking the people as to the necessity for its existence.

And so, the presence of Russia at the next disarmament parley will give the Soviet an opportunity to make a magnificent gesture of peace ideals by offering to cut down an army they don't really want. It gives them an opportunity to step down without loss of credit.

Be the motive what it may, however, the advent of Russia at a disarmament conference is welcome for itself alone. It will remove the fears of other nations in Europe which have not quite liked the length of the bear's claws.

Search For Valuable Mummy

Body Of Ancient Queen Disappeared Many Years Ago

Search through the museums of the world for the mummy of Fawn Hoof, an Amazon with bobbed hair, whom archaeologists believe ruled the cave land civilization of Kentucky thousands of years ago has begun.

The perfectly preserved body of the ancient queen, wrapped in deerskins and buried with regal splendor, was unearthed in mammoth cave in 1813. Until 1850 the mummy was exhibited in mammoth cave, but at that time it disappeared.

James Lane Allen, the author, was asked by a lady if he was a bachelor for choice.

"Yes," he said at once.
"But isn't it rather ungallant of you to say that?" said the lady.

"You must ask the ladies that," said Allen. "It was their choice."

Economy is the fine art of doing without something without your neighbors suspecting it.

"After committing the crime you cut up the body!"
"Yes. To get rid of it! What would you have done with it?"—Ruy Blas, Paris.

C.P.R. Plans Two New Musical Festivals

Scene during the Piping Contest—Banff Springs Hotel in the background. Inset—Harold E. Key, appointed musical director of the C.P.R.

every European race and on account of that June has been selected as the most appropriate time for this gathering. The other Festival will be devoted to Sea music and will take place at Vancouver in the early fall. Vancouver is a world port notable for the variety of its seacraft with many old seamen familiar with sea chanteys. Other Festivals at other suitable points are also being planned by the Canadian Pacific, which has appointed Harold Eustace Key, conductor of the Mendelssohn Choir of Montreal, as Musical Director of these Festivals. Mr. Key will also have supervision of music at Canadian Pacific Hotels.

Mr. Key has made a reputation in Canada as conductor, composer, lecturer and organist, and is an authority on choral music and singing. Educated at Follington College, London, the City of London School, and the Guildhall School of Music, he came to Canada in 1904. At the outbreak of the war, he enlisted at Montreal, and served in France with the 47th Canadian (British Columbia) Battalion. He was wounded at Drocourt, and returned to Canada in 1919. Since 1920 he has been organist of Emmanuel Church, Montreal. In 1928, Mr. Key founded the Mendelssohn Choir and brought it to the highest state of efficiency.

LESSON No. 17

Question: Why is emulsified cod-liver oil so efficient a food for young children?

Answer: Rickets or weak bones are evidences of lime-deficiency. Emulsified vitamin-rich cod-liver oil helps Nature supply this deficiency.

Pure, pleasantly flavored, nothing quite surpasses

SCOTT'S EMULSION

PAINTED FIRES

BY NELLIE L. McCLUNG

COPYRIGHT, CANADA, 1925

CHAPTER XII.—Continued

Three mines were in operation now, all owned by the same company and all subject to the same conditions. Every one in the valley felt that his stay was but temporary, so no one called it home.

Facing the station stood the Boarding House, where the single men had their meals, a great weather-beaten building, square as a box, sun-dried and starting. The front of it bore a sign, printed in black letters on a white board:

"Elite Boarding House,
M. McMann, Prop."

M. McMann knew that Eagle Mines could never be her abiding city. Indeed, she had no hesitation in declaring that Canada would lose her just as soon as she made her pile. She would "go back to God's country," which in this case meant Lincoln, Nebraska. Mrs. McMann had often wondered audibly why she had left. Certainly it was not for lack of friends. No woman ever had more friends, and though absent from them now she was not forgotten. To the boarders she gave verbatim extracts of letters she received. Her friends were very insistent for her return. "Why in the world do you bury yourself alive in that cold country, where they have only three seasons, July, Autumn and Winter—a woman like you, who can make her way any place?" or "Everybody is asking me when are you coming back—you sure would get a royal welcome."

Some of the boarders rather unctuously urged her to go and never mind

Radio Reduces Cable Receipts

Wireless Generally Has Cut Finances Of Pacific System

A disturbing report with regard to the financial results of the Pacific cable, the Canadian Press learns, will be presented shortly to the governments concerned—those of Great Britain, Canada, Australia and New Zealand.

The use of Empire radio system and wireless generally has resulted in causing a reduction in the Pacific Cable Board's receipts at the rate of £95,000 (\$175,000) annually, it is said, and this will not represent the peak of the board's loss.

The Pacific Cable Board is apprehensive that the Dominion station at Montreal, which will be completed shortly, will result in increased competition and will affect unfavorably the present cable traffic from the U.S.

The receipts of the Pacific Cable Board for the current year may meet the expenditures, but it seems inevitable that future years will show a loss.

Of the millions of packages of Red Rose Tea sold, few, if any, are returned as unsatisfactory. That's because Red Rose is packed only in Aluminum. There is never any loss of flavor through dampness. Never any staleness or deterioration. The bright, clean aluminum container keeps Red Rose as fresh and flavorful as the day it was packed.

127

I cannot let my little girl do that—you work too hard as it is! So you see, never having to do it, I cannot begin now!"

Young Mr. Doran assured her he was quite accustomed to looking after himself, and having finished his meal, he made a neat pile of his dishes, carried them to the kitchen, set on a pot of water to boil, and declared that Mr. McMann had nothing on him in being handy around the house.

Mrs. McMann had picked the young man for an agitator by a simple process of reasoning. Why should a smart looking young fellow, who speaks well and has white hands, come to a coal mine, even if he had a job at the pit-head? It did not look reasonable. One explanation presented itself—he had come to make trouble. Well, the mine boss would not be able to say that she had not told him, for it was her intention to sound the warning note without delay.

But when the next morning this young man carried out a whole tray of dishes, piling them neatly on the table, she decided it was quite unlikely that he had any malicious intent. There couldn't be much wrong with a young man who carried dishes and sang "The Spanish Cavalier." It took her right back to Lincoln. Why, my land! She had sung it once herself at a school concert, and her and Lib White, both of them dressed alike in very fixy dresses of that swell color called ruddy gore.

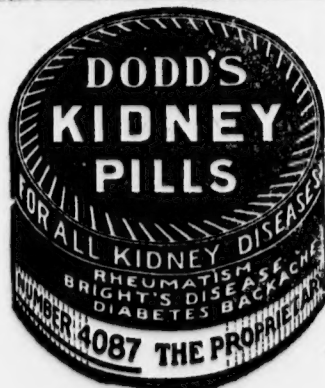

Indeed, it was not many days before Mrs. McMann had decided that Jack Doran was by far the nicest boarder she had ever had. Some people acquire popularity by saying the right word; Jack Doran had won the lady's heart by judicious and interested listening. He really listened. When she gave him bulletins of a more or less intimate nature on the state of her health he listened. When she told him what she dreamed of when under the anaesthetic, he even asked questions. And he did not retaliate by telling her a word about himself.

Young Mr. Doran was deeply impressed when Mrs. McMann hinted at some dark and mysterious disease bravely borne: "I am dying on my feet," she had told him the second day he was there, "but no one will know it till I am gone. It's my way. It's the proud Weekes way. I was a Weekes. Cut me in inches if you like, I will never complain. Poor Mr. McMann of ten remarked on it. 'Girl, you're a wonder,' he often said—he was a great hand to call me 'girl'—he said I was always just a girl to him."

"But see here, Mrs. McMann," protested Jack, in real concern, "why don't you get help here? You're foolish to work so hard. You have plenty to do when you do the cooking. Get a girl to do the dining-room work—there are lots of girls who would be glad of a job, for the summer anyway."

"No, I've tried girls. They get lonesome. It's too far from Jasper Avenue and the Allen Theatre. I don't know what's got into the girls nowadays—they won't work—all they want to do is to primp. They can't cook—they won't learn. They'll depend on canned stuff when they get married, and starve if they lose their can openers. No I won't have another."

"But there's lot of good girls, smart and tidy and all that," protested Jack.

"Yes, maybe, but where could I get one of them?—You tell me and I'll tell you."

This conversation took place at noon. On the four o'clock train came Helmi.

The sun poured down with a pitiless glare on the confirmed ugliness of the little box-like houses. The kindly white snow which had covered the littered backyards, was gone and now there came in full the piles of cans, discarded clothing, old boxes, old boots, which the snow had mercifully hidden. Water stood in puddles on the one little street where the general store, the hotel, postoffice, mine office, and boarding-house, sat side by side all looking at the station, which, because it belonged to a system and was not dependent on local caprice, had walls of stone gray and a red roof. So far as could be seen, not another tin of paint had ever gained a foothold in Eagle Mines.

(To Be Continued.)

THE ONLY MEDICINE
BABY HAS HAD

Is What Thousands Of Mothers Say Of Baby's Own Tablets

Once a mother has used Baby's Own Tablets for her little ones she will use nothing else. Experience teaches her that they are without an equal for relieving baby of any of the many minor ailments which afflict him at one time or another. The Tablets never fail to be of benefit—they cannot possibly do harm as they are guaranteed to be free from all injurious drugs.

Concerning Baby's Own Tablets Mrs. Russell Hill, Norwood, Ont., says:—"I shall always have a good word to say for Baby's Own Tablets. I have given them to our baby girl. In fact they are the only medicine she has ever had and I am proud to say that she took second prize at our baby show. She is eleven months old and weighs 22 pounds. No mother whose child is peevish or ailing will make a mistake in giving Baby's Own Tablets."

Baby's Own Tablets are sold by medicine dealers or direct by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Little Helps For This Week

Now the God of hope fill you with all joy and peace in believing, that ye may abound in hope.—Romans xv. 13.

Ah! yet when all is thought and said, The heart still overrules the head; Still what we hope we must believe, And what is given us receive;

Must still believe, for still we hope That in a world of large scope, What here is faithfully begun Will be completed, not undone.

—Arthur Hugh Clough.

All which happens through the world, happens through hope. No husbandman would sow a grain of corn if he did not hope it would spring up and bring forth the ear. How much more we are helped on by hope in the way to eternal life. —Martin Luther.

Simple and Sure. — Dr. Thomas' Electric Oil is so simple in application that a child can understand the instructions. Used as a liniment the only direction is to rub, and when used as a dressing to apply. The directions are so plain and unmistakable that they are readily understood by young or old.

And This Is Law

Connecticut has a windshield wiper law which says all motor vehicles except motorcycles must have windshield wipers. Albert Rubenstein had a truck but no windshield wiper. As a matter of fact there was no windshield on the truck to be wiped. There was the windshieldless truck and there was the law. The law won. "Five dollars and costs," said Judge Deming in town court. Albert is in the market for a wiper.

Cheapest Of All Oils.—Considering the qualities of Dr. Thomas' Electric Oil it is the cheapest of all preparations offered to the public. It is to be found in every drug store in Canada from coast to coast and all country merchants keep it for sale. So, being easily procurable and extremely moderate in price no one should be without a bottle of it.

He: "I had a wonderful time at your party last night."

She: "Why, I had no party last night."

He: "That so? Well, believe me, I was at somebody's party."

Industry is born in a man, but laziness is acquired.

Minard's Liniment for Neuritis

Christmas
draws near!

Spend this Christmas overseas with the Old People. You'll never regret it. Don't put off until next year. Who knows what changes a year may bring? See a steamship agent and make your reservation to-day.

Round Trip from \$155 up. Children half fare—everything included.

Christmas Sailings

From HALIFAX

Dec. 5—ANTONIA for Plymouth, Havre and London.

Dec. 11—ATHENIA for Belfast, Liverpool and Glasgow.

Dec. 12—ASCANIA for Plymouth, Havre and London.

From ST. JOHN, N.B.

Dec. 10—ATHENIA for Belfast, Liverpool and Glasgow.

Silk Manufacturing

One of the largest French silk manufacturing firms will establish a factory in Canada. The plant will likely be located in the St. Catharines district, Ontario. There will be an initial installation of from 30 to 35 looms and 40 hands will be employed.

WAS SO NERVOUS
and SHORT OF BREATH
COULD HARDLY SLEEP

Mrs. Louise Raglin, Golden Lake, Ont., writes:—"For several years I was greatly troubled with my heart. I was so nervous and short of breath I could hardly sleep at night, and if I did sleep for a while I had bad dreams."

"I managed to keep at my work, somehow, until I began to have dizzy spells which got so bad I had to give up. I used many kinds of medicine, but found no help until I got a box of

After the first box I found a great change, and after two boxes I was as well as I could be."

"I told my mother, who had choking sensations, about them and they helped her greatly."

Price 50c. a box at all druggists and dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

The custom of calling Boston the Hub comes from a saying by Oliver Wendell Holmes in his "Autocrat of the Breakfast Table" that "Boston Statehouse is the hub of the solar system." The saying was corrupted to "hub of the universe."

Minard's Liniment for Chilblains.

"S" is a dangerous letter in a controversy because it turns words into swords.

ECZEMA BROKE
OUT OVER BODY

Could Not Do Any Work.
Healed by Cuticura.

"Eczema broke out over my hands, arms, feet and limbs and on my body. It appeared in pimples that itched something awful, and when I scratched, it caused the trouble to spread. My arms and limbs were covered with sore eruptions. Whenever my clothing rubbed it, it would burn like fire. I could not do any work."

"I read an advertisement for Cuticura Soap and Ointment and sent for a free sample. I purchased one cake of Soap and one box of Ointment and within a month I was healed." (Signed) F. W. Simmons, Tawatinaw, Alta., Oct. 4, 1926.

Rely on Cuticura Soap and Ointment to keep your skin clear.

Sample Each Free by Mail. Address Canadian Import, "Solebury Ltd., Montreal." Price, Soap 50c. Ointment 25c. and 50c. Talcum 25c. Cuticura Shaving Stick 25c.

SICK ABED
EIGHT MONTHS

After Taking Lydia E. Pinkham's Vegetable Compound Could Do All Her Work and Gained in Weight

Melfort, Saskatchewan. — "I had inward troubles, headaches and severe pains in my back and sides. I was so sick generally that I could not sit up and I was in bed most of the time for eight months. An aunt came to visit and help me as I was unable to attend to my baby and could not do my work. She told

me to try Lydia E. Pinkham's Vegetable Compound, and after taking two bottles I could get up and dress myself. I also took Lydia E. Pinkham's Blood Medicine. When I first took the medicine I only weighed seventy-eight pounds. Now I weigh twice as much. If I get out of sorts or weary and can't sleep I always take another bottle of the Vegetable Compound. I find it wonderfully good for female troubles, and have recommended it to my neighbors. I will be only too glad to answer any letters I receive asking about it." — Mrs. WILLIAM RITCHIE, Box 486, Melfort, Saskatchewan.

Hear This Amazing
Westinghouse Model-57

The unparalleled performance and pleasing appear-
ance of this new model will amaze you. It sets a new
standard for radio sets of the moderate price class.
Contains all the latest improvements, including one
dial control. Uses the new Westinghouse UX-201-B
radiotrons which consume but half the filament current
of tubes of equal power. And the price is only \$78.00,
tubes extra.

The 57 is but one example of the surprising values
awaiting you in the complete new line of Westinghouse
radio sets. There is a model to meet every require-
ment of socket or battery operation—one that will
serve you best in your location—at a price that will
suit your purse. Demonstrations gladly given in your
own home or at our showrooms. Arrange for one
to-day.
